**KITTITAS COUNTY BOARD OF EQUALIZATION- PROPOSED RECOMMENDATION**

Appellants: Granite Creek East LLC

Petition: BE-23-0153

Parcel: 949812

Address: Fowler Creek Rd

Hearing: December 6, 2023 1:06 P.M.

Present at hearing: Pat Deneen, Appellant; Mike Hougardy, Appraiser; Jessica Miller, BOE Clerk; Ann Shaw, Hearing Examiner

Testimony given: Pat Deneen, Mike Hougardy

Assessor's determination:

Land: \$106,500

Improvements: \$0

Total: \$106,500

Taxpayer's estimate:

Land: \$5,000

Improvements: \$0

Total: \$5,000

**SUMMATION OF EVIDENCE PRESENTED AND FINDING OF FACT:**

This parcel is a 3 acre parcel predominantly in the wetland buffer zone with a small area that is not. In order to build a critical area report would need to be completed.

The assessor's representative said that the wetland adjustment had not been given to the Granite Creek parcels and that wetland adjustment is 5% off the base value.

**CONCLUSIONS OF LAW:**

"Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation, it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct, but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence." RCW 81.40.0301

In other words, the assessor's determination of property value shall be presumed correct. The petitioner can overcome this presumption that the assessor's value is correct only by presenting clear, cogent and convincing evidence otherwise.

"All real property in this state subject to taxation shall be listed and assessed every year, with reference to its value on the first day of January of the year in which it is assessed..."

RCW 84.40.020

“The true and fair value of real property for taxation purposes...must be based upon the following criteria:

- (a) Any sales of the property being appraised or similar properties with respect to sales made within the past five years...
- (b) In addition to sales as defined in subsection (3)(a) of this section, consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property, as limited by law or ordinance...”

RCW 84.40.030(3)

“(1) In making its decision with respect to the value of property, the board shall use the criteria set forth in RCW 84.40.030.

(2) Parties may submit and boards may consider any sales of the subject property or similar properties which occurred prior to the hearing date so long as the requirements of RCW 84.40.030, 84.48.150, and WAC 458-14-066 are complied with. Only sales made within five years of the date of the petition shall be considered.

(3) Any sale of property prior to or after January 1<sup>st</sup> of the year of revaluation shall be adjusted to its value as of January 1 of the year of evaluation, reflecting market activity and using generally accepted appraisal methods...

(4) More weight shall be given to similar sales occurring closest to the assessment date which require the fewest adjustments for characteristics.”

WAC 458-14-087

**RECOMMENDATION:**

The Hearing Examiner has determined that the appellant has succeeded in meeting the burden of proof to overturn the Assessed Value of the property with clear, cogent and convincing evidence.

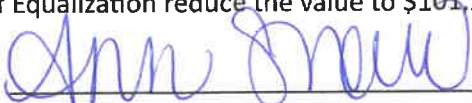

Since it is possible as far as we currently know, to build on this parcel with a critical area report, I do not believe an adjustment for the parcel being unbuildable is warranted. I do however believe that the wetland adjustment be given to this parcel.

Every finding of fact this is a conclusion of law shall be deemed as such. Every conclusion of law that contains a finding of fact shall be deemed as a finding of fact.

**PROPOSED DECISION:**

The Examiner proposes that the Kittitas County Board of Equalization reduce the value to \$101,175.

DATED 12/10/23

  
Ann Shaw, Hearing Examiner
