Mr. Goeben updated the board:

- **Presidents Weekend Outage in Cle Elum**
  During routine maintenance the Cle Elum courthouse lost connection to the Ellensburg courthouse. After thorough troubleshooting, a cycling of the network equipment was required in order to re-establish connection. This caused a temporary outage across the network.
- **SMARTGOV Implementation Update**
  The implementation of the permit tracking software is proceeding with configuration and training. The Prosecutor's office is currently reviewing the contract for the remaining work. A public meeting will be scheduled for the board to sign the contract.
- **Linking from meeting agendas to recorded videos**
  The county paperless agenda system (PAS) has been updated to include adding links to the meeting videos. The clerks have been provided instructions.
- **Staff photos in Outlook**
  Mr. Goeben received board approval to add security photos to Active Director for display in Outlook. The photos are not part of the email message record.
