PUBLIC HEARING AMEND ROAD STANDARDS PUBLIC WORKS

At 4:00 p.m. **CHAIRMAN HUSTON** opened the public hearing continued from February 4, 2004, to consider revisions to the Kittitas County Code Title 12, Road Standards. He reminded everyone that the Board did not intend on allowing public testimony at that time, however they may ask for clarification from the Citizens Advisory Committee and staff. He said once the Board has reviewed all of the Chapters, they would create a draft version of the Roads Standards, and re-advertise the public hearing to allow comment on the document.

The Board of County Commissioners reviewed Chapters Five, Six and Seven, while making various suggestions and revisions. **PAUL BENNETT**, explained he was concerned with giving the public a “blank” page, if too many details were taken out of the current Road Standards. He said the public would have to look up information in several books, to find out specific information. **CHAIRMAN HUSTON** said his goal was to give the public a notion of what type of road they would have to build, and not how to design a road. He compared it to a “poor mans” guide to Kittitas County Road Standards.

COMMISSIONER GOLLADAY moved to continue the public hearing to Wednesday February 18, 2004 at 4:00 p.m. in the Commissioner’s Auditorium, to review Chapters 8, 9, 10 and 11, of the Kittitas County Road Standards. **COMMISSIONER COE** seconded. Motion carried 3-0. It was noted the record would remain open.

Meeting adjourned at 5:00 p.m.
