

**COMMUNITY DEVELOPMENT SERVICES
STUDY SESSION
MINUTES**

DATE: March 10, 2008

COMMISSIONERS PRESENT: Vice Chairman Alan Crankovich, Commissioner David Bowen

CDS STAFF PRESENT: Director Darryl Piercy, Assistant Director Allison Kimball, Board Clerk Lindsay Watkins

OTHERS PRESENT: Catherine Dunn, Traci Shallbatter, Noah Goodrich

TOPIC:	<ol style="list-style-type: none"> 1. Building Permits (Portable water available prior to issuance of Foundation Only Permit) 2. Open House Forums for MOA DOE 3. Department Activity Statistics (February Report)
DISCUSSION:	<ol style="list-style-type: none"> 1. Piercy discussed briefly about water supply requirements, stating that permits need to show quantity and quality, which both issues need to be demonstrated by testing the water. Commissioner Bowen stated he felt uncomfortable making a decision with only two Commissioners present. Piercy stated he was just trying to get the information out and that it needs to be put into code first. 2. Piercy discussed how he would like to check into how many people would be participating in the Open House. Commissioner Bowen stated he didn't think he was going to attend and discussed possibly having staff go, and that the county needs to be supportive. Piercy suggested that it be recorded or that a court reporter goes to have the ability to submit comments or have DOE envision this. Commissioner Crankovich stated he wants everyone to be able to comment and he would like to have someone present on the Commissioners behalf. 3. Piercy stated that the numbers are looking similar to 2006-2007, and the same with Land Use Application and that nothing has changed drastically.
ACTION:	<ol style="list-style-type: none"> 1. None
