<b>TOPIC:</b>	Transportation Plan Discussion
<b>DISCUSSION:</b>	Ms. Olliver indicated there has been question on how we bring roads on system currently developers have criteria and standards that have to be met in order to be brought on to the system. The Commissioners indicated they didn't want anything mandating them putting roads on the system, they felt at this time with costs going up for everything it wasn't in our best interest. They wanted to encourage contractors to complete corridors before bringing onto system.
<b>ACTION:</b>	The Board was encouraging upfront discussions. Ms. Olliver felt they received enough direction to answer questions.
