

BOARD OF COUNTY COMMISSIONERS DEPARTMENT HEAD MEETING MINUTES

DATE: November 10, 2008

TIME: 10:10 a.m.

COMMISSIONERS PRESENT: Commissioner Linda Huber, Chairman Mark McClain, Commissioner Alan Crankovich

DEPARTMENT: Kittitas County Event Center

DEPARTMENT HEAD: Matt Anderson

OTHERS PRESENT: Mandy Robinson, Deputy Clerk of the Board; Michael Carpenter, Facilities Maintenance Director

TOPIC:	Office Closure November 13 th 2008
DISCUSSION:	<p>Matt indicated that last time he was in, he requested to attend the Rocky Mtn. Fair Conference and at that time Brenda was still dedicated to his department full time. Now that she is working two days a week for Maintenance the days she is scheduled to be in the maintenance department are going to effect the Fair office staying open. He asked for permission to close the fair office or direction on how to handle the situation.</p> <p>Matt asked off the topic that he wanted direction on if it would be okay to just get Chair Signature on a letter signing off on the Hages Property to allow the Kittitas Valley Fire and Rescue team to do live fire training. He indicated that he has been working with Prosecutors office and Auditors Office and was under the impression since we have no liens and that there is no more home owners ins. On the property that a letter approved by the PA's office would suffice for KVFR to do their training.</p>
ACTION:	<p>The BOCC indicated that Maintenance Director and Fairgrounds Director needed to make things work and stop coming and getting Board level direction for things like this. The Board indicated that if in the future this type of thing continues to happen they will make the decisions and that the Department Heads will not like the direction it goes. The Board indicated that the Fairgrounds would remain open on the 13th.</p> <p>The BOCC was in agreement that a letter to KVFR with Chair signature would be appropriate.</p>
