Commissioner McClain indicated he asked for this meeting noting that he felt it would be beneficial to the County to get a cost benefit analysis put together and out for the public to see so they can see what's going on and how much the County is saving by making the changes they have moved forward on. He indicated that it would be important to have a key person doing this but he wanted to get Board support so that they would not be blindsided by the letter he is drafting to management team.
