**SPECIAL MEETING**

**LEASE OF COPIERS**

**SHERIFF**

At 10:00 a.m. Chairman Crankovich opened a special meeting to discuss copier leases.

Commander Bob Gubser said their copy machines are up for renewal in February and a vendor has approached him with a few different proposals. He said he found problems when reviewing the figures proposed by the vendor. He indicated the Prosecutors office is also working with the same vendor for a new copier and he would like additional time to work with them so they may get a better deal for five copiers together, rather than the departments working individually with the same vendor. He said although the States numbers may be cheaper, they cannot pay off the residuals left on the leases. The Board indicated they have previously discussed creating a central purchasing unit for the County which may result not only in cost savings but consistency as well.

The Board agreed to have Bob continue to work with the vendor and the Prosecutors Office for their copiers.

Meeting adjourned at 10:15 a.m.
