**\*\*Cameras at Ryegrass:** Patti informed the board that CDL is very slow and proposed installing solar cameras at the facility to monitor the site when it is closed. Closing an additional day would save about \$6,000.00.

**Board Direction:** Voted 3-0 in favor of cameras at Ryegrass and the possibility of closing an additional day.

**\*\*Plan Update:** Patti informed the board that they would be seeing a change order for the Solid Waste Plan reflecting new regulations that have been adopted regarding Moderate Risk Waste.

**\*\*Approval to hire Litter Crew Supervisor:** Patti asked the board for approval to hire the seasonal Litter Crew Supervisor position. There was discussion about determining which roads get cleaned. Patti stated that it is prioritized first by complaints and then the crew starts with the higher traveled roads.

**Board Direction:** Voted 3-0 approval to hire a supervisor and use an inmate crew
