REGULAR MEETING

DEPARTMENT HEAD

DPW / CDS

Kirk Holmes, Public Works Director/Interim Community Development Services Director requested the Boards consideration to do a temporary reassignment of duties for a Road Crew member and reassign him to the Construction Mgmt/Survey Crew. There was discussion on how the Union would receive this request and a brief discussion on why they should do this. Chairman McClain questioned if the work that the Construction Mgmt/Survey Crew is currently tasked with, could be completed without do the reassignment. Mr. Holmes indicated that probably not without hiring someone, as the project work is time sensitive. Commissioner Crankovich gave some history on the current employee being discussed for the reassignment and indicated that he had previously been on the Survey Crew and moved to the Road Crew so he is knowledgeable.

It was determined that it is a business need and a proposal would need to go before the Union notifying them of the reassignment.
