REGULAR MEETING

DEPARTMENT HEAD

PUBLIC HEALTH

At 9:45 a.m. James Rivard, Environmental Health Supervisor indicated that the Health Department has an opportunity to apply for a CDC Fellow at the Bachelor level. He explained that this would be similar to the previous CDC Fellow application they applied for however, there would be no national training requirements. He stated that the project will still be for 2 years and for the first year they are planning to have the fellow work with Robin Read, Health Promotion Supervisor and her team and then some minimal work with Environmental Health as well. He discussed a GIS project for the fellow to work on and noted that there is potential that the fellow would require some GIS training. He stated that he would have the fellow work with County GIS staff and the outside training should be minimal and a low cost for the work they would be completing.

The Board approved Public Health to apply for the CDC Fellow.

Meeting adjourned at 9:55 a.m.
