REGULAR MEETING

DEPARTMENT HEAD

TREASURER

Deanna Panattoni, Treasurer requested the Board authorize her permission to transfer funds from her computer software budget line to purchase two laptops for herself and for her Administrative Assistant, Megan Acree. She explained that her office is up this year for new computer rotation and the two laptops would replace her and Megan Acree's desktops. She indicated that they are having to work around the clock to keep up with work and that they have been working off their personal laptops to keep work moving. She discussed the current portal they work off of and how slow it is. She explained that Jim Goeben, IT Director has researched laptops and made his recommendation for what he feels will work best with the software her office uses. She stated that Mr. Goeben will also be setting them up with VPN access.

The Board authorized the transfer of funds, noting that the funds will come from the Treasurer's budget and into IT's budget so that IT can purchase the laptops and add them to the rotation schedule.

Meeting adjourned at 9:50 a.m.
