The public has been invited for comment and the county will continue to evaluate reaches within those categories. Doc stated the establishment of the citizens advisory boards are starting to be formed and they will be reviewing the technical advisory committees work and commenting. Doc stated the best numbers on each board would be 9 as they tend work well together and that the July meetings will mainly be presentations from ESA.

Board Direction: No action taken.

Discuss upcoming July 24th Joint Study Session regarding GMA draft proposals:

Doc stated we have presentations in draft based upon all of the open houses, comments and analysis that have been done and we are now ready for a joint meeting.
