#### Cluster Development discussion:

Commissioner Jewell stated that this item was going to be postponed until the next CDS Study Session as Doc nor the private advocate were able to make it today.

Board Direction: No action taken.

#### Discussion regarding water availability for properties in the fire area:

Commissioner Jewell stated that he was contacted by a landowner whose house was destroyed and is not interested in re-building. The realtor had concerns regarding the use of the existing well due to how long it may take to sell the property and would like something in writing from Ecology. Commissioner Jewell contacted Tom Tebb and he stated they will not enforce it but they will also not put it in writing. Neil stated the landowner should contact his private water attorney as it is of no interest of the county.

Board Direction: No action taken.
