REGULAR MEETING

DEPARTMENT HEAD

ENVIRONMENTAL HEALTH

James Rivard, Environmental Health Supervisor requested the Boards permission to seek replacement computers for three in their office that are approximately 10 years old. He stated that the computers are used for citizens that come in to take their food handlers permit tests. He explained that the computers are barely useable and are extremely loud and cumbersome to staff time as there are times the citizens need help with them as they are not working correctly.

The Board recommended that Mr. Rivard work with (IT) to see if they had any gently used computer that are on rotation that they could purchase. They encouraged him to keep the costs low as they are not frequently used.

Meeting adjourned at 9:50 a.m.
