Others: Lisa Young, Michael Nigrey

REGULAR MEETING

COMMISSIONERS

Called to Order at 10:02 AM

Pink E-Racers Event:

HR Director Young presented a request on behalf of the Pink E-racers to have a pizza lunch. The Pink E-racers are a group of County employees that raise funds to support the Komen Foundation, and they have a race coming up in Seattle at the beginning of June. They would like to have pizza brought in to sell to employees along with pop and water, and would like to use the Auditorium. The Board approved the request, 3:0.

Project Updates:

HR Director Young stated that the PDP was available for BOCC testing. Commissioner O'Brien said the links work not working and he would speak with IT.

Other:

HR Director Young stated she would like permission to close the office July 25-26. She is scheduled out of town for a Risk Pool Conference, and her staff member has the opportunity to attend an out of town event not related to work. Director Young indicated that she did not want to deny her employee vacation time, and given that there are only two of them they often need to close when they are going in opposite directions. The Board approved the closure, 3:0.

Meeting adjourned at 10:17 AM
