INFO. TECH

Jim Goeben, IT Director indicated that there have been some individual discussions regarding the payment process for the Wi-Fi option at the Kittitas Valley Event Center. He stated that there is an option to have PayPal handle the collection of funds for the Wi-Fi service at the Event Center, or the County could collect it like they do with rental dues for the grounds for various events.

Commissioner Jewell explained that it was his understanding that there are charges associated with using PayPal. He stated that it was his opinion that it would be easier and less cost associated with "their" fees. There was discussion on who would be around to assign passwords if the County managed the Wi-Fi costs, as well as what a price package would look like.

Final direction was given to set up for PayPal to handle the Wi-Fi.

Jim Goeben, IT Director explained that the cost package has to have specific breakdowns, per the County Prosecutor's office.

Matt Anderson, Facilities Maintenance Director stated that he was looking at \$5.00 for a 4 hour block; \$8.00 for an 8 hour block and \$15.00 for an entire weekend. He stated that he and Mr. Goeben would work with the Prosecutor's office to finalize the fees.

Meeting adjourned at 9:50 a.m.
