DEPARTMENT HEAD

ASSESSOR

Cindy Adams, Administrative Assistant requested permission to hang a large hand-written spreadsheet to the left of the Assessor's door in the hallway. She stated that the Assessor's Office feels this 1986 spreadsheet would be of historical interest to the public and they will include a sign to describe it.

The Board questioned why she was requesting permission. She explained that the Assessor's office submitted a work order and asked that it be framed which will cost materials. Patti Johnson, Solid Waste Director/Project Manager/Interim-Maintenance Director explained that when it comes to hanging permanent fixture's on the Courthouse walls the Board has final say since it's "their" building.

Commissioner O'Brien moved to approve the permanent installation of a large hand-written spreadsheet on the west wall near the entrance of the Assessor's office, noting that a "key" to explain it would need to be included. Chairman Berndt seconded. Motion carried 2-0.

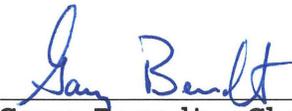

Meeting adjourned at 9:50 a.m.
