MANUFACTURED HOME SKIRTING POLICY

FOR MORE INFORMATION VISIT THE CDS WEBSITE AT: WWW.CO.KITTITAS.WA.US/CDS

If wood skirting is used, pressure treated studs are not required for Manufactured Home (MFH) skirting if the following conditions are met:

- The plywood skirting is pressure treated.
- The bottom plate is pressure treated.
- All fasteners (nails, washers, and bolts smaller than 1/2") for pressure treated wood shall be of hot-dipped galvanized steel, stainless steel, silicon bronze or copper.
