Testimony given:
Bradley Melanson

Assessor's determination:
Land: \$54,120
Improvements: \$0
Total: \$54,120

Taxpayer's estimate:
Land: \$30,000
Improvements: \$0
Total: \$30,000

SUMMATION OF EVIDENCE PRESENTED AND FINDING OF FACT:

The subject property is 47 acres of designated forest land. The snag canyon went through this area and destroyed the trees.

The petitioner did not provide comparable sold properties to demonstrate a reduced value.

The assessor spoke about his report and the model used to value this property.

I asked about the destroyed property and the assessor stated that there may have been a dwelling on the property at some point that was destroyed by the fire.

CONCLUSIONS OF LAW:

“Upon review by any court, or appellate body, of a determination of the valuation of property for purposes of taxation, it shall be presumed that the determination of the public official charged with the duty of establishing such value is correct, but this presumption shall not be a defense against any correction indicated by clear, cogent and convincing evidence.” RCW 81.40.0301

In other words, the assessor’s determination of property value shall be presumed correct. The petitioner can overcome this presumption that the assessor’s value is correct only by presenting clear, cogent and convincing evidence otherwise.

“All real property in this state subject to taxation shall be listed and assessed every year, with reference to its value on the first day of January of the year in which it is assessed...”
RCW 84.40.020

“The true and fair value of real property for taxation purposes...must be based upon the following criteria:

- (a) Any sales of the property being appraised or similar properties with respect to sales made within the past five years...
- (b) In addition to sales as defined in subsection (3)(a) of this section, consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property, as limited by law or ordinance...”

RCW 84.40.030(3)

“(1) In making its decision with respect to the value of property, the board shall use the criteria set forth in RCW 84.40.030.

(2) Parties may submit and boards may consider any sales of the subject property or similar properties which occurred prior to the hearing date so long as the requirements of RCW 84.40.030, 84.48.150, and WAC 458-14-066 are complied with. Only sales made within five years of the date of the petition shall be considered.

(3) Any sale of property prior to or after January 1st of the year of revaluation shall be adjusted to its value as of January 1 of the year of evaluation, reflecting market activity and using generally accepted appraisal methods...

(4) More weight shall be given to similar sales occurring closest to the assessment date which require the fewest adjustments for characteristics.”

WAC 458-14-087

RECOMMENDATION:

The Hearing Examiner has determined that the appellant has not met the burden of proof to overturn the Assessed Value of the property with clear, cogent, and convincing evidence.

Additional information and a demonstration that the fire has impacted the value of the land is necessary to support a reduced value.

Every finding of fact this is a conclusion of law shall be deemed as such. Every conclusion of law that contains a finding of fact shall be deemed as a finding of fact.

PROPOSED DECISION:

The Examiner proposes that the Kittitas County Board of Equalization uphold the assessed value.

DATED 10/18/24

Ann Shaw, Hearing Examiner
