DISCUSSION   **Work From Home Equipment Purchasing &**   **IT**
Deployment

IT Director Doug Fessler discussed the department's concerns with work from home equipment & deployment. The issues discussed relate to the Enterprise Technology Fund's financial health due to not budgeting for WFH equipment this year. A potential solution to use rotated equipment that has been deemed to be in good condition was discussed as the most cost-effective option. The Board believes that WFH has conditions that need to be met for staff to be allowed to work from home. Assistant IT Director Zane believes there are WFH policies that cover worker's eligibility and home setup requirements. The Board suggested that IT attend the HR's study session to go over WFH policies. Commissioner Wright will discuss with HR about adding policy discussion to their study session agenda.
