To whom it may concern ,

We live in the Granite Creek community off of FS 4517 and are opposed to the proposed RV park. The reasons are many, ranging from the noise of ORVs from temporary campers to potential fire hazards. The people who are going to use this area do not have any vested interest in the community, sure they might spend a few dollars in Kittitas county, but they don't pay taxes, vote or have any commitments to the future and welfare for the place we call home. Image having hundreds of folks camping and partying right next to your home, with careless thoughts and no respect to those around them. We've all been camping in public areas and see firsthand the blatant disregard for those around them. This will certainly be the same, especially with people most likely armed and intoxicated.

I had a phone conversation with the Fire Marshall on 7/16/24 and he eluded to the fact that they have not signed off on the recent plans or changes to the proposal. I think the county is obligated to ensure complete approval from all civil authorities before further consideration.

The risks are too high and any shortcomings will certainly endanger lives, heaven forbid an emergency situation occurs and the congestion from the RV park prevents us full time residents (who pay taxes and vote) from evacuating, it would be equal to or worse than the lives lost and communal devastation of the Paradise Fire in CA.

This should not more forward whatsoever.

With concern,  
George and Carrie Menzel
