Good Afternoon Jamey,

This consult is in reference to CU-24-00004 White Barn Retreats. This undertaking involves no ground disturbance other than the parking impact to the ground surface of a field.

This undertaking is located within the CCT Usual and Accustom Territories. We request any undertakings, particularly those involving ground disturbing activities, to have an IDP in place prior to implementation.

The proposed project lies within the Usual and Accustom territory of the Wenatchi Tribe, 1 of the 12 constituent tribes of the Confederated Tribes of the Colville Reservation (CTCR), which is governed by the Colville Business Council (CBC). The CBC has delegated to the Tribal Historic Preservation Officer (THPO) the responsibility of representing the CTCR with regard to cultural resources management issues throughout the traditional territories of all of the constituent tribes under Resolution 1996-29. This area includes parts of eastern Washington, northeastern Oregon, the Palus territory in Idaho, and south-central British Columbia.

There are known cultural resources of historic significance nearby and this particular plat is considered High Risk for an inadvertent discovery according to the DAHP predictive model.

CCT requests an Inadvertent Discovery Plan IDP in case guests uncover or observe yet unknown cultural resources during their use of the provided on site facilities.

Thank you for consulting with the Colville Confederated Tribes History and Archaeology Program.

On behalf of Guy Moura, Tribal Historic Preservation Officer.

Sincerely,

Connor Armi | Archaeologist Senior MA, RPA
