Hello Bradley,

This consult is in reference to SP-24-00009 Black. This undertaking involves no ground disturbance at this time but is likely in preparation for residential construction in the future.

This undertaking is located outside the CCT Traditional Territories. We request any undertakings, particularly those involving ground disturbing activities, to have an IDP in place prior to implementation.

There are known cultural resources of precontact and historic significance nearby and this particular plat is considered High Risk for an inadvertent discovery according to the DAHP predictive model.

CCT requests that during implementation that there be an inadvertent discovery plan or (IDP) in place to ensure compliance with all Section 106 and relevant cultural resource laws both federally and to the state of Washington.

Thank you for consulting with the Colville Confederated Tribes History and Archaeology Program.

On behalf of Guy Moura, Tribal Historic Preservation Officer.

Sincerely,

Connor Armi | Archaeologist Senior MA, RPA
