Subject: RE: CU-13-00005 Carlson Update

Good Morning Traci,

As of yet, CDS has not issued a notice of application. On June 25, 2013 the application was accepted as being complete for intake and initial processing; on July 16, 2013 additional information was requested per KCC 15A.03 in order for CDS to continue processing. This is status of the application at this time. On January 13, 2014, CDS granted Mr. Carlson a final 30 day extension. Mr. Carlson indicated that he would be making substantial changes to the application; for clarity sake, CDS required that he submit the materials on a new application form. The file number CU-13-00005 will continue to apply; he has until February 14, 2014 to submit the requested materials; if he does not the application shall be declared void.

Feel free to contact me if you should have any additional questions,

Thanks, Jeff, for keeping us in the loop. Couple clarification questions: (1) Is CU-13-0005 still under consideration/extension granted to future date, (2) If Carlson amends/changes the application to remove the campground, will a new CU-14-XXXXX be issued with a new NOA, etc?
