Written Comments: This project requires a Shoreline Substantial Development permit under the provisions of the Shoreline Management Act. Section 38 of the Kittitas County Shoreline Master Program requires a 30 day comment period for substantial development permits. Comments on any aspect of this proposal can be submitted to CDS at the above address or via email any time prior to 5:00 p.m. Thursday, February 19, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Environmental Review (SEPA): The County expects to issue a Determination of Non-Significance (DNS) for this proposal, and will use the optional DNS process, meaning this may be the only opportunity for the public to comment on the environmental impacts of the proposal. Mitigation measures may be required under applicable codes, such as Title 17 Zoning, Title 17A Critical Areas, and the Fire Code, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the threshold determination may be obtained from the County.

Public Hearing: An open record hearing will be scheduled before the Kittitas County Hearings Examiner after the SEPA environmental threshold determination has been issued. A Public Hearing Notice will be issued establishing the date, time and location of this hearing.

Required Permits: Zoning Conditional Use, Shoreline Substantial Development, Kittitas County Grade and Fill Permit, Transportation Concurrency.

Required Studies: Wetland Delineation Report .The following development regulations will be used for project mitigation and consistency: Kittitas County Comprehensive Plan, Kittitas County Code, Kittitas County Shoreline Master Program, and the Washington State Environmental Policy Act
