All of the information that was submitted with the application is included in the folders. I would suggest including the required information in your comments for the applicant to respond to.

Kelly,

I see comments on this are due today. The site plan shows 2 existing wells. Are there any structures with water to them proposed for this project? They indicate in the application that there will be an individual well but I don't see where it will be put to use. Any additional information would be helpful.

Holly
