RE: CU-23-00007 – Cle Elum Transfer Station Re-design
SR 903 milepost 3.45 Rt.

We have reviewed the proposed project and have the following comments.

- The subject property is adjacent to State Route 903 (SR 903), a Managed Access Class 4 highway with a posted speed limit of 45 miles per hour. We have approved the proposed joint-use access to the highway at milepost 3.45 right (Access Connection Permit 61716 - SR-903).
- Any proposed lighting must be directed down towards the site and away from SR 903.
- All loads transported on WSDOT rights-of-way must be within the legal size and load limits or have a valid oversize and/or overweight permit.

Thank you for the opportunity to review and comment on this proposal. If you have any questions regarding this letter, please contact Jacob Prilucik at (509) 577-1635.

Sincerely,

Paul Gonseth, P.E.
Region Planning Engineer
