Quarry Site QS-S-234

Dear Mark Carey:

The Department of Transportation established the above site in February of 1968. The only use of this site was in March, 1971.

This site will possibly be used for a project on SR 82, from Thrall Road Interchange To Selah Creek Bridges.

We received a letter from the Department of Natural Resources notifying us that they do not have a copy of the SM-6 form.

Attached is a map of the site and an SM-6 form.

We are requesting that you fill out your portion of the SM-6 form, keep the goldenrod copy and return the other copies to:

Washington State Department of Transportation
Attn: Bill Pickering/Project Development
P.O. Box 12560
Yakima, WA 98909-2560

If you have any questions please contact me at 575-2466.

Sincerely,

Bill Pickering
Transportation Engineer II

CONDITIONAL USE PERMIT Kittitas County Board of Adjustment

A permit is hereby approved and issued to Washington State Department of Transportation (WSDOT) to conduct a temporary asphalt and concrete batch plant on the property described as being a site at the existing WSDOT quarry on the summit of North Umptanum Ridge located to the West of the North and South bound lanes of Sr 82, SE 1/4, Section 24, Township 15, Range 19, W.M., Kittitas County, Washington.

The following conditions have been imposed on the use by the Board of Adjustment as provided for by the state and local law:

1. Compliance with all applicable local and state agency permitting processes before production of asphalt or concrete from the proposed batch plants begins.

Issued this 13th day of November, 1993
