

Memo To: Kittitas County Planning Department

Memo From: DK Professional Consultants, Inc.

Re: Big Creek First Final Plat

I understand that the county has 30 days to process final plats. In regards to this final plat it is my belief that the review of this final plat will take in excess of 30 days. Therefor I request to meet with the Kittitas County Planning Official to review the Big Creek Final Plat and then after said meeting establish a time line for approval in excess of the required 30 days.

Thank you

Pat Deneen
