Ms. Ozbolt:

DOH drinking water comments regard drinking water – it is not clear the method of providing drinking water; the SEPA, on Page 17, states the following:

Water: LCU. Inc. except where individual wells are used

I do not know if this means the “LCU” is an existing water system (DOH does not have any records of an existing “LCU” water system) or whether the “Big Creek Trails” intends to provide drinking water through a new water system?

If it is a new water system, “Big Creek Trails” will need to submit an application for either a Group B or Group A water system.

Thanks,
