Subject: SX-21-00005 Brown KCC 14.08 requirements (parcel no. 666835)
Date: Wednesday, May 12, 2021 11:01:49 AM

The applicant for this project, Kevin Brown, received a letter of map amendment from FEMA removing his entire property from the special flood hazard area. Kevin was advised to submit a copy of this FEMA determination document with his building permit. Since FEMA issued an official map change removing the property from the special flood hazard area, a floodplain development permit is not required to satisfy the requirements of KCC 14.08. Please let me know if you need any additional information for me regarding floodplain development in order to process Kevin's building permit.
