Permit File – Rocky Coulee Recreation Area Fence Repair

RE: Determination of SEPA Exemption

After reviewing this project, I believe it is categorically exempt from SEPA under WAC 197-11-800 (23)(a) Utilities. Specifically, WAC 197-11-800(3) states:

(3) Repair, remodeling and maintenance activities. The following activities shall be categorically exempt: The repair, remodeling, maintenance, or minor alteration of existing private or public structures, facilities or equipment, including utilities, recreation, and transportation facilities involving no material expansions or changes in use beyond that previously existing;

I believe that this project fits the categorical exemption above as this proposal is to repair an existing fence that was damaged in a wild fire in August 2022.
