

FD-24-00018 CHMYR CABIN RESTORE...INADVERTENT DISCOVERY PLAN

To whom it may concern...As you may know...this permit application is for the reconstruction of an existing cabin that was nearly destroyed in a fire. It was built in 1970 and the majority of ground disturbance occurred at that time. We are using the undamaged (existing) foundation and will not be digging or doing site prep for that purpose. That being said: We are sensitive to the need for protection and preservation of cultural resources. As such we have provided the IDP below and will ensure that all involved on this project will also be sensitive to the protection and preservation of any inadvertent cultural finding.

INADVERTENT DISCOVERY PLAN...IDP

Site name: 1271 Leisure Land Lane, Cle Elum, parcel # 829234

Project lead: Jack Frost Construction (JACKFC*170RE)

This IDP is to be posted in an area accessible to contractors at Kittitas County parcel # 82.9234 during all phases of construction involving ground disturbance of any depth. All contractors involved in ground preparation or disturbance will be required by the project lead to review the Washington Department of Ecology's IDP video (<https://www.youtube.com/watch?v=ioX-4cXfbDY>) and be briefed on the location of this IDP before beginning work.

Any human skeletal remains, regardless of antiquity or ethnic origin, will at all times be treated with dignity and respect. Follow the steps Stop-Protect-Notify. DO NOT speak with the media, allow photography or disturbance of the remains, or release any information about the discovery on social media. If you are unsure whether the discovery is human bone or not, contact Guy Tasa, PhD, with DHAP at (360)790-1633 for identification and next steps. Do not pick up the discovery.

Upon any potential finding all work shall cease immediately until local authorities, DHAP, and interested tribal representatives have satisfied their investigations or approve of protection measures in place to continue construction. The following contacts are to be notified immediately following any potential finding per Washington Department of Ecology guidance.

Contact info for this project...

THANK YOU, 

Jack Frost at 253-332-5696

Kittitas County Coroner for skeletal remains @ 509-933-820 or, the Sheriff @ 509-962-7525

DAHP for any cultural findings...Rob Whitlam 360-890-2615

DAHP for skeletal findings...Guy Tasa 360-790-1633

Confederated Tribe of the Colville Reservation @ 509-634-2690
