Good morning,

Thanks for your email and the status update.

I would like to confirm if this application was approved (with the comments as written) or if we need to respond to the comments (saying yes, we will get a professional archaeologist to do a cultural resource survey) in order to get approval and then submit a building permit application ? For context, the lot is alongside the Gold Creek pond, which is a massive excavation done in the late 70s to build the I-90. Additionally, the US Forest road is planning massive refurbishment of the Gold creek area that will have a much larger impact than a cabin. Let me know what your recommendations would be at this point.

Another point of clarification, would the project need to comply with Tribal requests for the cultural resource survey if we were more than 200' from the water (i.e. outside of the Shoreline) ? (as many other cabins were built in the same area).

Thanks in advance,
Yannick Debaupte
