Re: Concur with Survey

Dear Rachael Stevie:

Thank you for contacting the Washington State Historic Preservation Officer (SHPO) and Department of Archaeology and Historic Preservation (DAHP) and providing documentation regarding the above referenced project. These comments are based on the information available at the time of this review and on behalf of the SHPO in conformance with Washington State law. Should additional information become available, our assessment may be revised.

We concur with the results and recommendations made in the survey report. Specifically, as no cultural resources were found during the survey, we do not recommend direct archaeological supervision of the project. However, we ask that an Inadvertent Discovery Plan (IDP) be included as part of the construction permit.

Please note that the recommendations provided in this letter reflect only the opinions of DAHP. Any interested Tribes may have different recommendations. We appreciate receiving any correspondence or comments from Tribes or other parties concerning cultural resource issues that you receive.

Thank you for the opportunity to comment on this project. Please ensure that the DAHP project Tracking Number is attached to any future communications about this project.

Should you have any questions, please feel free to contact me.

Sincerely,

Sydney Hanson
Local Government Archaeologist
