

RECYCLING

CORRUGATED CARDBOARD

Cardboard is 100% recyclable. Break down and flatten cardboard boxes to make room for more cardboard to fit in the drop boxes or your recycling bin.

Cardboard pizza delivery boxes that are free from any leftovers, oil, grease, or liners can be recycled.

In the 2020-21 Waste study conducted in Washington State, it was found that **5.24%** of our Municipal solid waste going to landfills was made up of cardboard.

DROP OFF SITES ARE AVAILABLE AT THE UPPER COUNTY AND LOWER COUNTY TRANSFER STATIONS.
